### **Professional Experience:**

Rex B. Stratton has over thirty-five years of legal experience in litigation, intellectual property, business law and management, corporate finance and mediation and arbitration. His substantial experience offers clients a thorough knowledge of legal and business factors that affect or influence their day-to-day business decisions. An experienced litigator, he is able to analyze and advise clients on the risks that may arise from a business decision or take into consideration elements of a contract or license that could become the subject of future disputes.

Mr. Stratton's litigation experience provides a broad perspective as to settlement of disputes through negotiation, mediation and arbitration, and not just as an adjunct to the litigated case.

Mr. Stratton counsels clients on trademark, copyright, patent and trade secret protection, licensing and infringement issues and general business matters. He also prepares trademark and copyright registrations, business formation and organizational documents, licenses and agreements. He has represented U.S. and foreign clients in both business transactions and litigation, and has experience representing U.S. businesses in dealing with foreign entities as well as with foreign firms doing business in the United States.

Mr. Stratton has been engaged in many cases filed in both state and federal courts and in a number of districts throughout the United States.
